RETAIL FOOD PROTECTION - Public Eating Pl (100-Up Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, Schedule of Fees.

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A reinspection was conducted on this date in regards to the routine inspection conducted on 05/15/2026. During the routine inspection, three (3) fresh shiny black rodent droppings in front of the soda box and ice machine, and several old gray rodent droppings under the refrigerator and dry food storage shelf were observed in a non-critical area of the food facility. openings in the ceilings throughout the food preparation and storage areas were observed.

Operator was instructed to obtain pest control immediately. Operator was instructed to clean and sanitize the affected areas, and to seal all holes throughout the facility.

On this date, the following was observed during the rescore inspection:

-Approximately thirty (30) old and new droppings were observed on the floor below the dry food storage area.
-One dropping was observed to be beneath the microwave counter and food preparation table.
-Ten (10) old and new droppings were observed on a hand blender box.
-Three (3) rodent droppings inside a food storage container.
-Rodent urine inside a food storage container
-Gnaw marks and chewed through flour bag, stored in the dry food storage container.
-Approximately ten (10) shiny black rodent droppings inside the powdered sugar container.

Operator provided pest control report dated 05/17/2026. The report stated they treated for mice and rats but did not find any activity. Operator stated the pest control company sealed the gaps in the ceiling but did not set any traps. The facility received pest control on 05/17/2026 and not on any dates after that.

Food facility must be kept free of vermin and live animals are not allowed in a food facility.

Facility was closed immediately due to active vermin infestation.

Corrected on site: Operator was directed to clean and sanitize the contaminated floor areas and patch all holes in the wall and ceiling. The operator was advised to increase the frequency of the pest control services. The operator was also advised to clean and sanitize dark, damp areas, and to keep floors clean and free of water and food.

Description: Reinspection conducted at this time to determine compliance from prior inspection.

16K054 Permit Suspension ⚠ CRITICAL ⚠

Compliance Date: Not Specified

Not In Compliance

Violation Reference - HSC - 114409, 114405

Inspector Comments: Health permit is suspended due to rodent infestation. Facility must remain closed for minimum twenty four (24) hours. Operator is required to attend a supervisor review prior to reopening the facility. Operator is required to receive pest control prior to reopening and the supervisor review.

Violation Description: If an imminent health hazard is found, an enforcement officer may temporarily suspend the permit and order the food facility immediately closed. (114409, 114405)

Overall Inspection Comments

Closure signs were posted on front door entrance. Do not remove, alter or relocate the closure sign. Call 1-800-442-2283 when violations have been fixed and facility is ready to be reopened. A reinspection will be conducted to determine compliance. Failure to comply will result in billable follow up inspection at an hourly rate of $245 with 30 minute minimum. This facility must remain closed for business until the reinspection is conducted.
